

Notes about ballot return data provided

King, Kitsap and Whitman counties are not provided at this time.

More than one record might be included for a voter.

- A voter may have a record for ballot received.

- Then another record might be included for ballot accepted or challenged.

DIMS only sends latest status of voter at end of day.

- So there would only be one record for a voter that was flagged
as received and accepted in the same day.

- Only the accepted record would be sent.

- Or we may receive two records for a voter.

- For DIMS, rejected don't come until finalized.

Rejected should actually be titled 'Challenged'.

- The problem that challenged the ballot could be resolved, and then accepted would come later.

Not sure what Returned refers to for DFM.
